INITIATION PHASE

Project Charter

Project Title: *Cleckhuddersfax E-Convenient Store*
Project Sponsor: *The British College, Thapa thali, Kathmandu*
Project Manager: *Rohit Pandey Sir*
Team Leader: *Swastika Adhikari*
Date prepared: *2020-02-23*
Project Customer: *Citizens of Cleckhuddersfax*

Version Control

Version	Date	Summary of changes
1	2020-02-23	<i>Initial project All the vital things have been done for future scope.</i>

Project Justification

A group of traders or businesspersons of Cleckhuddersfax are intending to organize and build up an internet business site i.e. ecommerce website. The business website is being created to help and inspire local traders to compete against the larger supermarket and convenience stores. Their aim is to provide an advantage to the trader with a new emerging technology which appears to be useful for both trader and customer. They are planning to provide a great chance to customers to order and purchase things in a relatively brief period of time from the ease of their comfort zone. This ecommerce platform incorporates all five traders: butchers, greengrocer, fishmonger, bakery and delicatessen within the Cleckhuddersfax area in UK. This ecommerce platform provides an ideal space for all types of traders to show the best of their self on the internet to grab the attention of their target customers and beat the heated competition. This platform helps the local trader to grow as well as benefit the client in the certain area. The website helps to promote the local tradition of area as well as help the local traders to compete against the bigger business-like supermarket and stores without losing their valuable times for their family and friends. This website has three interfaces. One for customer, one for traders and one for management (admin). An admin login can access any of trader accounts. Every five trades have different login credentials which help them to access their database. Trader can also view every day report and update the details of their trader account. Trader will be provided with weekly finance report of all the orders that are delivered only. This

website will have cart functionality where customer will get an option to add favourite products to cart. The payment method is a PayPal which is convenience and more secure way to pay online. The site will assist the customer to shop easily without worrying about running out of products. They don't need to physically move around and waste valuable time to buy one specific product. This ecommerce website provides convenience to buy goods or services without causing any physical restrictions to the costumers and even helps to save money as well as precious time.

Project Scope

Objectives

- Attract local people who cannot shop during a normal opening hour to order and purchase things in a brief period of time.
- Help the local traders to compete against the bigger business without losing their family time.
- Promote the local tradition of area.
- Introduce the customers to high quality limited as well as unique products and fresh goods.
- Expand trade by adding more traders within a group.
- Three days a week to collect the products ordered.
- Provide a wonderful opportunity to customers to browse and buy products from the ease of the comfort zone.
- Eliminate the travel time and cost for customers.
- Create simple user interface to understand by all types of user, trader and accessible through web interface and most popular browsers.

Customer Interface

1. Select the products from 5 traders in the initial phase.
2. Sort the products by shop or by product type.
3. Capture the heritage of the Cleckhuddersfax area.
4. Interface viewable on all major browsers and will be compatible in both mobile and desktop view.
5. A cart function that can hold the products from all the traders.
6. Registration system in order to place an order.
7. Login system in order to access their basket/cart by customers.
8. Review and update customer account details.
9. Confirm the changes made in customer registration and account update through the emails that they used for registration.
10. Pick up the orders in three slots in three different days i.e. 10-13, 13-16, 16-19 in the days Wednesday, Thursday and Friday.
11. Place the orders 24 hours before the desired pickup time and day.
12. PayPal function for the payment.

Trader Interface

1. Manage product and information.
2. Able to add, delete and update product through trader account. When a Trader adds a product, the product will have a Unique ID, Short Name, Description, Item Price, Min Order, Max Order, Allergy Information which must be added by the Trader.

3. Login the Database using trader account that shows the reports of the available stock and report of orders.
4. Unique login Credentials of every trader which shows their details only.
5. Admin login that can access the whole system.

Management Interface

1. Dashboard that has a range of daily and periodic reports.
2. Daily report on the orders placed that contain the products and quantities which has been ordered and also shows which delivery slots are used.
3. Weekly finance report which shows the number of products that is sold along with the payment for the last 7 days which will only include the orders that have been delivered.
4. Access all of the traders accounts.
5. Monthly report of the product sales which can be sorted alphabetically; total numbers of orders per products or total income per product

Major Deliverables

1. E-Commerce website with customer, trader and management interface.
2. Management interface connected with database.
3. Registration system to place an order by customer.
4. Single basket to add products from different traders.
5. Login system to access the cart.
6. Website supporting a maximum of ten shops for initial pilot project.
7. Traders' interface that allows add/delete/update products on their corresponding shops.
8. Responsive design viewable on mobile as well as desktop devices and viewable on the most popular browsers.
9. User-friendly navigation of products by shop or product type for customers.
10. An admin login for management interface that can access any of the trader accounts.
11. A maximum of 20 orders per slot for 3 collection slots 10:00-13:00, 13:00-16:00, 16:00-19:00 on Wednesdays, Thursdays and Fridays which must be at least 24 hours after placing the order.
12. PayPal is used for online payment which is secure.

Duration

Initial prototype Presentation - 2020-03-24
Deployment for testing - 2020-05-02

Estimated Budget

Hours per day per person: 3 – 4 hours
Hours per week per person: 18 – 24 hours
Team of 5 members
Hence the total hours till 12th week: $18 * 5 * 12 = 1080$ hours max: $24 * 5 * 12 = 1440$ hours

Roles and Responsibilities

Name	Role
Prasanna Shrestha	<i>Resource Investigator/Shaper / Team Worker</i>
Sakriya Bajracharya	<i>Complete Finisher / Specialist / Co-ordinator</i>
Sujan Pariyar	<i>Monitor Evaluator / Co-ordinator/Shaper</i>
Swastika Adhikari	<i>Implementer / Resource Investigator / Specialist</i>
Utsav Sapkota	<i>Plant / Team Worker / Monitor Evaluator</i>

Communication and Collaboration Tools

- *Communication - As a team we will be communicating using slack. The workplace of slack allows us to organize communications and share information, files and more all in one place. It also has most powerful feature i.e. integration with third party services. The integration we will use to share our files with our team members is GitHub. Using GitHub, it is easier to collaborate with team members so we will be using it as a repository.*
- *Team Meetings - Face-to-face meeting with team members will be held twice a week i.e. every Monday and Thursday at 8:40 am. Face-to-face meetings allow for clearer communication and often end up being more positive and more credible than online conversations.*
- *Documentation - A shared One Drive space will be used to store all the documentations generated on the project.*
- *Project Tracking – Trello will be used to track the progress of the project.*

Meeting Minutes

AGENDAS, DECISIONS AND ISSUES

Duration	Topic / Discussion	Date	Facilitator	Status	Time	Meeting Type
50 Min	Review of needed Items and Resources, Project Charter Discussion	18/02/2000	The British College	Complete	11:30 AM – 12:20 PM	Information Sharing

ATTENDEES

Prasanna Shrestha, Sakriya Bajracharya, Sujan Pariyar, Swastika Adhikari, Utsav Sapkota

Introductions were made at the first meeting, required materials and software provided by our project manager Sir Rohit Raj Pandey was noted and shared in the meeting, followed by a discussion of Project charter, in which the scope of project, project brief and means of communication were discussed. As means of communication, Slack and Trello were approved unanimously.

Duration	Topic / Discussion	Date	Facilitator	Status	Time	Meeting Type
1 Hr.	Team Contract, Belbin Analysis, Skill Audit Analysis, Next Meeting Purpose and Agendas	24/02/2020	The British College	Complete	11:30 AM – 12:30 PM	Information Sharing Decision Making

ATTENDEES

Prasanna Shrestha, Sakriya Bajracharya, Sujan Pariyar, Swastika Adhikari, Utsav Sapkota

After the first effective meeting, the team scheduled next meeting on Trello in a week for Belbin Analysis. The team sat together in the conference hall facilitated by The British College and started discussion. After quickly finishing up with individual Skills Audit, our team figuratively graded themselves which was reviewed by each other in the team. A final cumulative grade of the team was then listed, and Team Skills Audit was complete. Discussions were made for the team contract and Belbin analysis. For the team contract, leaderships structure, decisions making policy, and different strategies required for the completion of the project were discussed. Meeting day, time and location was finalized according to the decision of all members. Out of the discussion, individuals from the team noted their primary, secondary and least likely roles accordingly. Though some changes were made, the primary roles stayed unchanged as per the meeting. After discussion was complete, team sat for a cup of tea and decided on next meeting purpose and agenda.

Duration	Topic / Discussion	Date	Facilitator	Status	Time	Meeting Type
3 Hr.	Discussion on ERD, Functional Requirements, Non-Functional Requirements and Use Case Diagrams	02/03/2020	The British College	Complete	11:30 AM – 02:30 PM	Status Update Problem Solving

ATTENDEES

Prasanna Shrestha, Sakriya Bajracharya, Sujan Pariyar, Swastika Adhikari, Utsav Sapkota

The agenda of this meeting was slightly different than the rest. Our project manager sir had issued an execution phase in design where Use Case diagrams and Entity Relationship Diagrams were to be made. After quickly finishing up with functional and non-functional requirements discussions, our team rushed to study room at college premise to start and help each other in making Entity Relationship Diagram of the project. After finishing a trial design of ERD, we visited our supervisor Sir Rohit Raj Pandey who eventually was free and in spite of his busy schedule, he dedicated his precious time to help and provide us with wonderful new ideas and variations that could come up. We got new insights as to what could be added and removed from our initial design. We edited our Entity Relationship Diagrams according to the

feedback of our Project Manager and started working to make EERD and final Composite. Likewise, we also discussed shortly on the design of use case diagrams. The final design was once again reviewed by the team before final submitting was done.

Duration	Topic/ Discussion	Date	Facilitator	Status	Time	Meeting Type
2 Hr.	Discussion on Wireframes, Logo, Templates and MS Project	12/03/2020	The British College	Complete	8:40 AM – 10:40 AM	Information Sharing

ATTENDEES

Prasanna Shrestha, Sakriya Bajracharya, Sujan Pariyar, Swastika Adhikari, Utsav Sapkota

After a tedious yet fruitful meeting, our team sat down together for template sampling, logo designing and wireframing. Everyone opinion and ideas were considered to make a logo design for the project. The team locked down to a common template and started on building wireframe by gaining ideas from the template. As brilliant might it sound, template sampling wasn't the only challenge. We had to study its compatibility, responsive designs, license and many more factors that could impact our entire project. Our team has discussed and decided to include an added wireframe for invoice, cart, login and signup functionalities along with CRUD for customer and trader interface and search features in template. Meanwhile in the meeting, the team has decided to push its efforts in wireframing and MS Project.

PLANNING PHASE

TEAM BELBIN'S ANALYSIS

Version:1.0	Belbin's Analysis Date reviewed:02/27/2020	
Primary role	Prasanna Shrestha	Resource Investigator
	Sakriya Bajracharya	Complete Finisher
	Sujan Pariyar	Monitor Evaluator
	Swastika Adhikari	Implementer
	Utsav Sapkota	Plant
Secondary role	Prasanna Shrestha	Team Worker
	Sakriya Bajracharya	Specialist
	Sujan Pariyar	Co-Ordinator
	Swastika Adhikari	Resource Investigator
	Utsav Sapkota	Team Worker
Least likely role	Prasanna Shrestha	Shaper
	Sakriya Bajracharya	Co-Ordinator
	Sujan Pariyar	Shaper
	Swastika Adhikari	Specialist
	Utsav Sapkota	Monitor Evaluator
Do you think the descriptions of these roles are an accurate description of your behaviour in teams? How do you see yourself differently?	Prasanna Shrestha	I have been working on the office environment for 2 years. I can motivate my team and can handle the pressure. Moreover, I'm a good listener and idealistic which will be plus point for my team.
	Sakriya Bajracharya	Yes, I do think that the description of these roles is an accurate description of my behaviour in teams, as I have the keen eye to complete the things that I have started and I always want to become better in the task that I am assigned to.
	Sujan Pariyar	Yes, I do think these roles are an

		accurate description of my behavior in team because in team we have to do the complex decision making for the success of the team project and I see myself confident and capable of making such decisions.
	Swastika Adhikari	Yes, I am constantly anxious to investigate new thoughts. I generally work aiming to change the plans and thoughts formed in my mind into actions. I like the things to be done in a deliberate and composed manner. I work planning to be finished on schedule. Similarly, I am curious to investigate accessible options and ready to work as much possible to help the team accomplish its objective. I have a solid curious sense and an availability to see the conceivable outcomes in anything new.
	Utsav Sapkota	Yes, I can reflect back on my actions on past projects and with fairly enough confidence, I can proclaim my roles as plant and team worker as primary and secondary roles respectively. I am quite creative in solving problems in unconventional ways and can put new ideas on desk, I am also a resourceful person and a free-thinker who also happens to think outside the box without letting mind wander away from project.
Are there roles identified by Belbin that you might like to develop in yourself more? Which ones and why?	Prasanna Shrestha	Yes, the role of co-ordinator is the one which I would like to develop on because by developing these skills I would be more confident of my talent and work for the goal conveniently.

	Sakriya Bajracharya	Yes, I would like to develop more of co-ordinating things as my mind is more spread out and I am not able to focus on a single task very persistently.
	Sujan Pariyar	Everyone has something to learn and Yes, there are some role that I would like to develop in myself and among them complete finisher is that role because It becomes little mess at the end of the task.
	Swastika Adhikari	Yes, I want to develop thought-oriented role i.e. Plant because I generally wish to become imaginative and solve the difficulties and issues faced by the group. I would like to be exceptionally innovative and great at taking care of issues in unpredictable manners. Likewise, I like to build up my ability for complex and strategic planning. I also intend to produce potentially remunerating ideas.
	Utsav Sapkota	Yes, there are two roles I would like to groom myself to perform better in. It is Monitor Evaluator, my least likely role which I wish to develop so that I can have impartial judgement, deliver critical analysis and can provide a logical eye to the team. Along with it, I also wish to develop in me a Team Worker role so that I can surround myself with team members and communicate for conflict resolution, omit out misinterpretations to maintain effective communication within the team which helps the team to achieve a targeted goal easily

		without much hurdles in an allocated timeframe.
What possible situations in the coming months can you identify where you could work on developing these skills?	Prasanna Shrestha	Sometimes team member could feel hard to solve errors, gets demotivated then I would find a good way to solve the problems and motivate my team.
	Sakriya Bajracharya	Possible situation when I might be able to work on developing these skills are when I have to become the team leader as the leader in our group is changed biweekly and I have to take on leadership role to further enhance my skills.
	Sujan Pariyar	I think delay of the project and difficulties for error handling can be seen in coming months and for that we have decided for biweekly team meeting and timely informing the team member along with asking them for the assistance if needed.
	Swastika Adhikari	The situations when any member of my team cannot solve the problems and challenges during the project I think I could motivate myself in order to solve the issues and build up my skill.
	Utsav Sapkota	One of the possible situations could be on the presenting days of the final project. I shall be more confident on my part of the presentation. I would also put in extra effort on project planning and project monitoring phases in coming days.
Considering your team working, how do you think you could improve your	Prasanna Shrestha	According to my roles mentioned on the previous table, I am a good motivator, designer, can easily get involved with new people for research and exploration. I always

<p>effectiveness in group work and in contributing to the success of teams that you work in?</p>	<p>Sakriya Bajracharya</p>	<p>do my best to solve the problems which would be effective to get success of my team.</p>
	<p>Sujan Pariyar</p>	<p>I think that I can push my teammates harder so that they are able to complete the tasks that are assigned to them in said time. I want to help them by bringing in more creative ideas. I will also help them in tasks that they are stuck in if help is required.</p>
	<p>Swastika Adhikari</p>	<p>By communicating with the team and instant informing about the problems raised will improve my effectiveness in group work.</p>
	<p>Utsav Sapkota</p>	<p>I think I could improve the effectiveness in my group by transforming thoughts and ideas built in my team into plans and manageable projects and making sure all the things are done. I favour difficult work and handle issues in a deliberate manner. I will systematically set the tasks that need to be worked on. I focus on recognizing and working for the group.</p>

Are the results of this inventory consistent with how you worked in the Foundation Project in your small groups for discussions and presentations?	Prasanna Shrestha	Yes it is consistent. It will be great knowledge for the real life project scenario. I think after working on this foundation project I will be more confident, handle pressure and good coordinator too.
	Sakriya Bajracharya	Yes, so far, the results of this inventory is consistent with how I have worked in the foundation of the project but I feel that I can improve even more so that the group can benefit even more by removing any hiccups that are encountered during the project.
	Sujan Pariyar	Yes, somehow the results of this inventory are consistent with our work in the project but there is some lag which we will sort as soon as possible and achieve are goal and make our project a success.
	Swastika Adhikari	Yes, the results of this inventory are consistent. In the event that I feel inconsistent during the project I will be motivating myself and finishing my task in an appropriate manner to reach at the target of the project.
	Utsav Sapkota	Yes, so far it has been consistent but there is always a place for improvement. We will eliminate our inconsistencies and by far, overcome our personality traits and preconceived notions to stick to our roles and goals in project.
How well did you contribute to group presentations?	Prasanna Shrestha	I will contribute my 100 percent for the group presentation according to requirement.
	Sakriya Bajracharya	I want to contribute fully by being dedicated in the project, making sure that all resources are utilized and the full potential of my team members

		are utilized.
Sujan Pariyar	I want to give the best out of me in the group presentation. I will provide the requisites and will be confident, punctual, well-dressed during the group presentations.	
Swastika Adhikari	I want to contribute my best with as much efforts as possible. I want to develop team mentality and play a positive role. I will be active in communicating, creating thoughts and settling on the choices and plan for the group presentations.	
Utsav Sapkota	I am fully dedicated to present our team project with variety of resources, proper attire, proper response to questionnaires and confidence.	

INDIVIDUAL BELBIN'S ANALYSIS

Version:1.0	Belbin's Analysis	Date reviewed: 2020-02-27
Primary role	Swastika Adhikari	Implementer
Secondary role	Swastika Adhikari	Resource Investigator
Least likely role	Swastika Adhikari	Specialist

Name: Swastika Adhikari

Do you think the descriptions of these roles are an accurate description of your behaviour in teams? How do you see yourself differently?		Yes, I am constantly anxious to investigate new thoughts. I generally work aiming to change the plans and thoughts formed in my mind into actions. I like the things to be done in a deliberate and composed manner. I work planning to be finished on schedule. Similarly, I am curious to investigate accessible options and ready to work as much possible to help the team accomplish its objective. I have a solid curious sense and an availability to see the conceivable outcomes in anything new.
Are there roles identified by Belbin that you might like to develop in yourself more? Which ones and why?		Yes, I want to develop thought-oriented role i.e. Plant because I generally wish to become imaginative and solve the difficulties and issues faced by the group. I would like to be exceptionally innovative and great at taking care of issues in unpredictable manners. Likewise, I like to build up my ability for complex and strategic planning. I also intend to produce potentially remunerating ideas.
What possible situations in the coming months can you identify where you could work on developing these skills?		The situations when any member of my team cannot solve the problems and challenges during the project, I think I could motivate myself in order to solve the issues and build up my skill.
Considering your team working, how do you think		I think I could improve the effectiveness in my group by transforming thoughts and

you could improve your effectiveness in group work and in contributing to the success of teams that you work in?		ideas built in my team into plans and manageable projects and making sure all the things are done. I favour difficult work and handle issues in a deliberate manner. I will systematically set the tasks that need to be worked on. I focus on recognizing and working for the group.

Whoever will do project scope part (2 people)

They have to write as sir said
There are 3 boxes in template
In first box we should include:
Attract local people
Introduce to high quality products
3 days to collect
.....
In second box:
Cart functionality, paypal, search, 5 traders, user friendly.....
In third box:
Major deliverables
Traders, customers.....

Company-wide announcements and work-based matters

Tuesday, 18 February

Sujan Pariyar 17:56 Ok and yes we have to work on this for today

Swastika Adhikari 17:57 I am doing project justification by studying case study

Utsav 17:59 U all decide and do ur part

Communication and project scope

Communication is easy but for project scope u should read case study

Utsav 17:59 @Swastika Adhikari I haven't understood anything, what should we do?

Sujan Pariyar 17:59 Ok i will be looking forward for case study now and do

Swastika Adhikari 18:00 @Utsav u haven't understood case study or project charter?

Utsav 18:00 Nope

Swastika Adhikari 18:01 Both?

Utsav 18:01 Unfortunately, both

Swastika Adhikari 18:03 I think u should read case study once its in vle and if u don't know anything about project charter then we will help u tomorrow

For now in my github there is sample i think u can do communication part

@Sujan Pariyar I haven't added u in github

What's ur name or email?

Company-wide announcements and work-based matters

Tuesday, 18 February

Swastika Adhikari 18:15 Is it May 2nd?

Utsav 18:15 10th may

Utsav 18:15 There's Nari diwas, Majdoor diwas, Mahashiva raatri, Nepali new year, democracy day, Gyalbo Lhosar

Which days to subtract?

Swastika Adhikari 18:19 Important ones which we celebrate make gap in that

Nari diwas we don't celebrate

Majdoor diwas we don't

Lhosar we don't

But we celebrate new year

Sujan Pariyar 18:21 Yes

Utsav 18:21 New year and shivaaatri

Swastika Adhikari 18:21 Yes

Holi also

Sujan Pariyar 18:27 Go with the calender...tithi xoddeu

Utsav 18:28 Sure, I got confused on May and March haha Total 3 days

Utsav 18:08

Do we need 5 hours a day?

Swastika Adhikari 18:08

Someone calculate working hours by not adding festival days I have done but that includes one day gap in each week

Ye sir said more than 4

Utsav 18:09

@Swastika Adhikari total days without holidays?

What's start and end date?

Swastika Adhikari 18:10

I dont know exactly may be 3rd feb am confused

Yes because we dont work on festivals

Utsav 18:12

Started on 3rd Feb? Lol

And end date? I'll calculate now

Swastika Adhikari 18:12

See academic calendar

Sujan Pariyar 18:12

Yes 3rd feb start date should be

Utsav 18:14

Utsav 18:42

1 lot A to Z revision

Swastika Adhikari 18:42

First read case study it's in vle

And there is sample of project charter in vle u can see that as well and work may be communication part or we will discuss after class tomorrow

Prasanna Shrestha 18:43

My github acc is prasanna992630@gmail.com

Swastika Adhikari 18:44

Send me ur username

Prasanna Shrestha 18:44

McPrasanna

Swastika Adhikari 18:45

Ok check now

Prasanna Shrestha 18:45

Okay.

Thank you @Swastika Adhikari

Swastika Adhikari 19:05

Who will be our team leader?

Its needed for project charter

Utsav 19:05

You

Swastika Adhikari 19:06

If anyone wants to be then just say

sakriya33 19:06

You can be the team leader

#general Primary Secondary Least-likely

Swastika Adhikari 17:51 I have written in simple words as explained by sir Please choose yours individually and for team we will discuss tomorrow after class 2 replies Last reply 1 month ago

Sujan Pariyar 17:52 I think i will be resource investigator,teamworker and monitor evaluator

Utsav 17:54 @Sujan Pariyar brilliant 😊

Swastika Adhikari 17:55 Ok divide it as primary secondary and least likely and we will discuss about this tomorrow

For today i think we all should focus on communication and project scope of project charter

Sujan Pariyar 17:56 Ok and yes we have to work on this for today

Swastika Adhikari 17:57 I am doing project justification by studying case study

U all decide and do our part Communication and project scope

Communication is easy but for project scope you should read case study

#general Primary Secondary Least-likely

Utsav 19:08 And one important thing guys

Swastika Adhikari 19:09 We need to complete this by Thursday So tomorrow let's discuss after class

sakriya33 19:09 Okay

Prasanna Shrestha 19:09 I will be the leader

Sujan Pariyar 19:10 Yes swastika..it doesn't matter who is because we will change it every week so it will be an opportunity for all of us.

Swastika Adhikari 19:11 I know that but for project charter we need to write the name whoever is the leader for this week

Utsav 19:12 You started so you complete it, next week, @Prasanna Shrestha will lead

We won't be sharing our valuable insights no matter how much a close friend circle we have outside the team.

Swastika Adhikari 19:13 Yes

No sharing

Sujan Pariyar 19:14 Ok whatever we have we will in person..only the important matter will be discussed here

Utsav 19:15 And I suggest everyone to take a team role test before deciding your individual primary roles

Utsav 13:02 Committed on GitHub, changes made to 3.docx file with Project Scope at 1 PM NST.

sakriya33 13:03 I dont think i can shorten the interface

@Swastika Adhikari

Swastika Adhikari 13:07 Ok @sakriya33

@Utsav I don't think we should write all those things in project scope

Sir said to write 8-9 major deliverables like
Different traders, new customers
And explain which has cms and about customer traders

#general Company-wide announcements and work-based matters

the agenda during a team meeting?:

Sakriya Bajracharya will be responsible for setting and following the meeting agendas. Team members will be notified a day before the meeting through online communication and they will also be notified in person after attending the first class of college. Sujan Pariyar will be responsible for the team following agendas during team meeting

Swastika Adhikari 21:51 I think leader chai responsible hunxa

sakriya33 21:53 yo ta joste garenii hune ho ni

Swastika Adhikari 21:54 Ok

Record keeping bhannale chai k ho exactly

K ko record

sakriya33 21:56 tyo meeting ma k kura bhayo bhanne ho jasto lagyo hai malai chai

Swastika Adhikari 21:57 Tei hola

Sujan Pariyar 21:59 Tei ho jasto lagyo malai ni

Swastika Adhikari 22:04 K k game ho bhana

Aba

sakriya33 22:09 bholi dz katii bajee jane ho

Swastika Adhikari 22:19 Yo sab voice anusar hai sir ko

Monday, 24 February

A. Team Structure:

1. Standardizing roles and responsibilities for maintaining rotating leadership, diversity, inclusion, and accountability.

- Establishing clear reporting lines.
- Team leader will be changed bi-monthly, or every two weeks.
- Rotation will be done through a lottery system to allow the team to build a learning culture and also help in bringing out the best of the team.

2. Decision-making by day consensus (or majority rule):

- The decisions will be made based on consensus.
- If there is a tie between two members, while some others will be regarded as the final decision, if the decision will not be the same then the final decision will be taken based on majority rule.

3. Who is the head of the documentation management (Maintenance) of team activity?

1 ra 2 check gara sable

Swastika Adhikari 21:05

3 ko bhana na ko k garne

Bhyaye samma garun sign ni garauna parxa

Swastika Adhikari 19:02 Image from iOS

1. Team Structure:
A team structure is individual, cohesive with strong leadership, shared:

- Individuals voting rights (100)
- Leader will be changed frequently so that every individual gets a chance to lead
- Individuals will be more involved in decision making
- Having individuals help to bring out the best of the team as every team member will get a chance to contribute with new things and ideas.

2. Decision-making policy (by consensus) By majority vote (P)
3. Why is the team Resilient? (Document management/Plan for future activities)

Utsav 1 reply 29 days ago

Sujan Pariyar 18:52 Sable bhanum Leadership is also required to initiate the resolution of team breakdowns

A leader recognizes that he/she needs the team and lets each member know where they stand

Swastika Adhikari 18:53 Role should rotate to bring out the best of the team rather than expecting everyone always to play the same part

It encourages the team to be more adaptive to the reality of project

Rotating allows team members to experiment with new things

Increases ownership of the project's success

Sujan Pariyar 18:54 Dami dami

Swastika Adhikari 18:54 Facilitates the development of the group

sakriya33 18:54 la malai pani manparyo

Utsav 18:54 Nickee

Swastika Adhikari 14:17 It's nice
But why is the background of our logo grey black type?

Prasanna Shrestha 14:17 I like it.
Now no change on the logo

sakriya33 14:17 because it is png and it will change according to background

Swastika Adhikari 14:18 Ok

sakriya33 14:18 do we need to add the ppt file in work in progress
whoever edited the template last can u add it to the github

Swastika Adhikari 14:24 Yes.we need to send it

USE CASE DIAGRAMS

OVERVIEW USE CASE

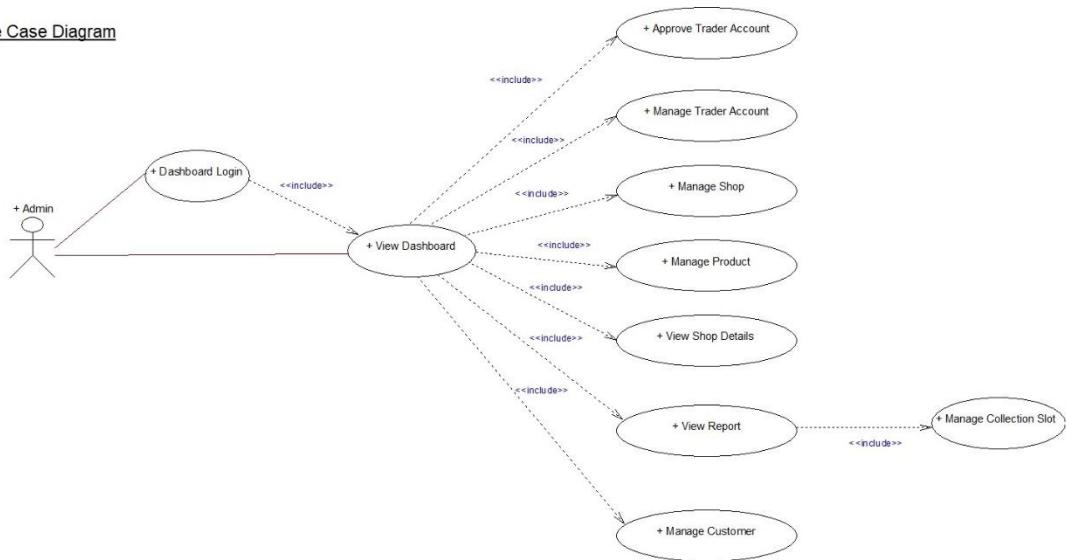

TRADER USE CASE

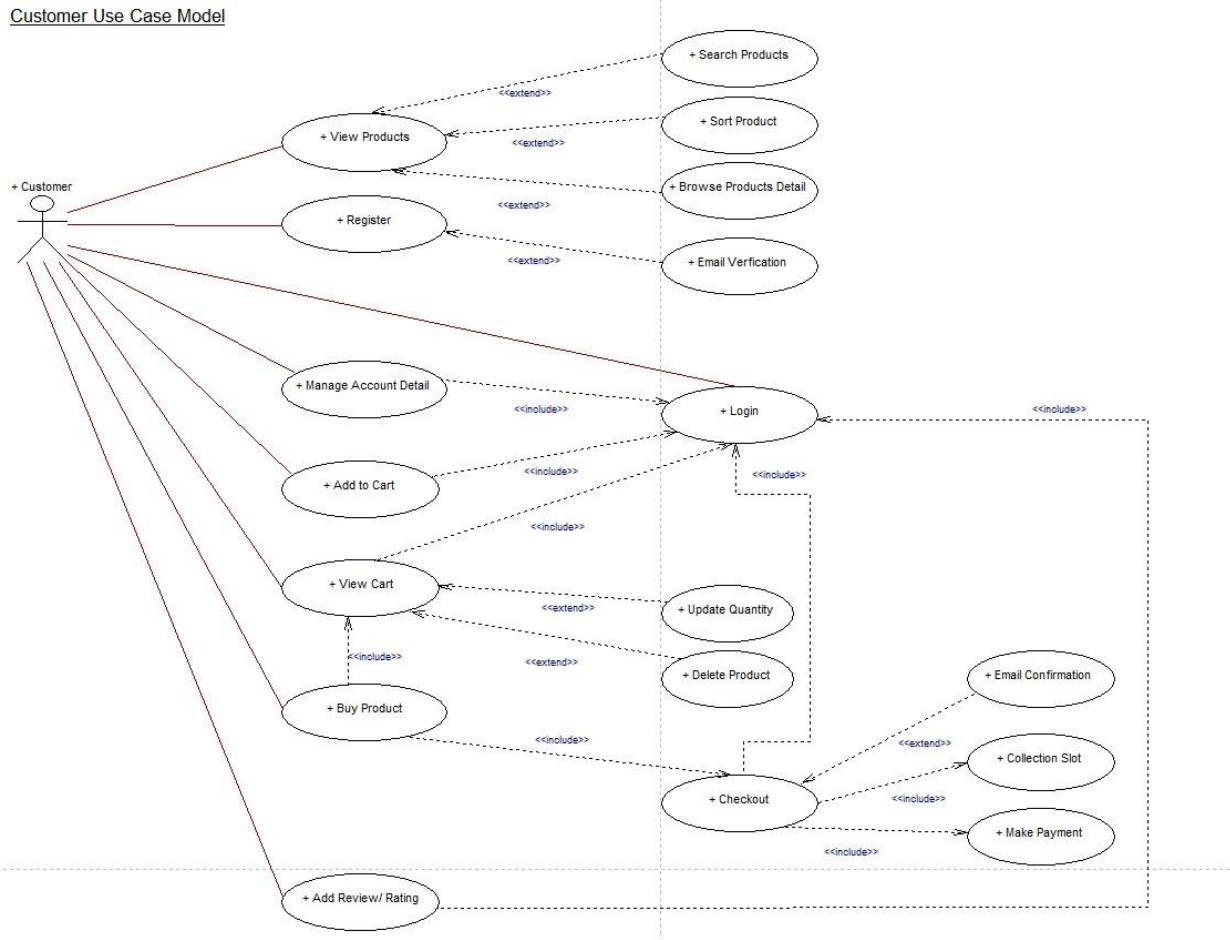

ADMIN USE CASE

Admin Use Case Diagram

CUSTOMER USE CASE

Functional Requirements

Part A: Product Interface

Requirement ID	Description	MoSCoW
A1	An interface to allow customers to view products and buy them.	
A1 – 1	All products will be displayed with a short name, a description, price, quantity, stock available, min order, max order, allergy information and will be associated with a trader.	M
A1 – 2	Users will be able to navigate to product by shop or by product type.	M
A1 – 3	Users will be able to search for products by open text search.	S
A1 – 4	Users will be able to sort products appropriately. Example: price, alphabets.	S
A1 – 5	Users will be able to search/sort items based on multiple search criteria.	C
A2	The interface will allow customers to select products and add those products to cart for checkout.	
A2 – 1	Logged in users will only be able to access the cart.	M
A2 – 2	Registration should be done in order to login and add products to cart.	M
A2 – 3	Users will be provided with a single cart to hold goods that spans all traders.	M
A2 – 4	A single cart will have a single payment.	M
A2 – 5	While placing and paying for an order collection slots should be identified in three slots in three different days i.e. 10-13, 13-16, 16-19 in the days Wednesday, Thursday and Friday.	M
A2 – 6	A cart will contain all the products added by the customer with name, short description, quantity and an image.	S
A2 – 7	A single cart can hold up to 20 products and a single payment is needed.	C
A3	The interface to allow CRUD operations of products.	
A3 - 1	Traders can add, delete and update products.	M
A3 – 2	Clicking the update will show a form pre-populated with all the details of the products. Submitting the form will update the chosen product and display the updated information of that product.	S

A3 – 3	A form will be provided to add a new product including all details and image.	S
A3 – 4	Clicking the delete will remove the chosen product and update the displayed catalogue of products.	S
A3 - 5	Management can delete the products that have very low sales.	S

Part B: Customer Interface

Requirement ID	Description	MoSCoW
B1	A facility to allow registered users to login	
B1 - 1	A login form to collect username and password will be provided.	M
B1 - 2	Server validation that informs users if they attempt to login using incorrect details.	M
B1 - 3	Login link will be displayed on every pages of the site.	C
B1 - 4	Reset password link will be provided if they forget their password.	C
B2	A facility to allow new customers to register their account.	
B2 - 1	A registration form that collects first name, last name, user name, password, email, address, age.	M
B2 - 2	A user should be able to validate account through email address.	M
B2 - 3	Customer account must be registered before they can place an order.	M
B2 - 4	Username must be unique to each customer.	M
B2 - 5	Account updates should be confirmed through emails.	M
B2 - 6	Validation of all form fields to ensure none of the field is empty or unchecked.	S
B2 - 7	Password must be encrypted before storing in the database.	C
B2 - 8	The password length must be 8-10 length.	C
B2 - 9	The username must have alphabets only.	C
B2 - 10	The password must have at least one capital letter, a number and a symbol.	C

Part C: Trader Interface

Requirement ID	Description	MoSCoW
C1	An interface to allow trader to register their account.	
C1 – 1	A form that minimally collects user id, user role, status, first name, last name, profile picture, status, dob, email.	M
C1 – 2	Username must be unique to each trader.	M
C1 – 3	Validation of all form fields to ensure none of the field is empty or unchecked.	S
C1 – 4	Password must be encrypted before storing in the database	C
C2	An interface to allow registered trader to login.	
C2 – 1	A trader login that allows them to access to their details only.	M
C2 – 2	A login form to collect username and password will be provided.	M
C2 – 3	Server validation that informs users if they attempt to log in using incorrect details.	M
C2 – 4	Trader should be able to view and update the details of their trader account.	M
C2 – 5	Trader login will allow them to view reports on orders and stock levels.	M
C2 – 6	Reset password link will be provided if they forget their password.	C

Part D: Management Interface

Requirement ID	Description	MoSCoW
D1	A facility to allow authenticated admin users to manage the activities presented by the system.	
D1 – 1	After logging in the admin will have the access to manage the dashboard.	M
D1 – 2	An interface to view the shop of each trader.	M
D1 – 3	Management can deactivate customers account.	C
D1 – 4	An interface will provide the traders access to range of daily reports of orders placed, weekly report of products sold and monthly report of sales. Monthly report will be able to be sorted alphabetically; total numbers of orders per products or total income per product.	M
D1 – 5	Email confirmation should be sent to trader after signing up.	S
D1 – 6	An interface to view the shop details of each trader.	S

Non - Functional Requirements

Part E: Non – functional Requirements

Requirement ID	Description	MoSCoW
E1	The website will have the following non-functional requirements.	
E1 - 1	HTML/CSS template suited to the requirements.	M
E1 – 2	The site should be viewable on mobile as well as desktop devices and viewable on the most popular browsers.	M
E1 – 3	Apex Oracle used for the back-end.	M
E1 – 4	Site built for maintainability: Files organized and comments added.	S
E1 – 5	Template applied consistently throughout the website.	S
E1 - 6	Implement Google map to locate the shops location.	W

Register

A registration form consisting of several input fields:

- Firstname
- Lastname
- Registration for: (dropdown menu)
- Username
- Email
- Password
- Address
- Date of Birth (dd/mm/yyyy)

At the bottom is a "REGISTER" button.

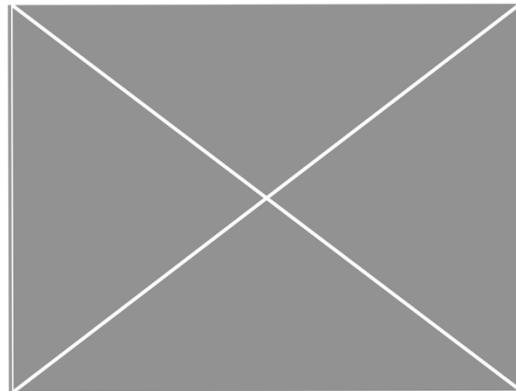

Shops

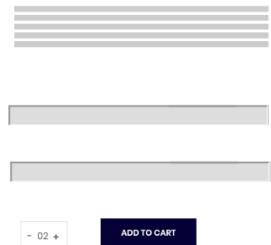

The wireframe shows a top navigation bar with a logo, Home, About Us, Shop, Contact, FAQ, and a shopping cart icon. Below the navigation is a search bar with placeholder text "I am Searching for ...". A user account section includes "Get Access: LOGIN | REGISTER" and "My Account". On the left, there are filters for "Filter By Price" (with two sliders) and "Categories" (with a list of five categories). The main area displays a grid of products. Each product item has a large gray square with a diagonal cross, followed by a list of five horizontal bars, an "ADD TO CART" button, and a heart icon. The grid is organized into three rows of four items each. Navigation arrows at the bottom allow for page navigation.

The wireframe shows a dark-themed mobile application interface. At the top is a navigation bar with a logo, followed by tabs labeled "OPTIONS" and "INFORMATION". Below the tabs is a grid of items, each consisting of a small image (a gray square with a diagonal cross), a list of five horizontal bars, and a "ADD TO CART" button with a heart icon. The bottom of the screen features a black footer bar with the text "Copyright ©".

Admin Dashboard

The screenshot shows the Admin Dashboard interface. On the left is a dark sidebar with the title 'Cleckhuddersfax' and 'Admin'. It has sections for 'REPORTS' (Dashboard, Sales), 'MANAGE' (Customers, Traders), and a copyright notice at the bottom. The main area is titled 'Dashboard' and contains four large boxes, each with a large 'X' over it. Below this is a 'Sales Report' section with a chart titled 'SALES' showing a single data point at 1. The chart has a y-axis from 0 to 1 and an x-axis from Jan to Dec. A dropdown menu for 'Select Year' is set to 2020. The top right corner shows the 'Admin' user and a navigation link to 'Home > Dashboard'.

Manage Customers

The screenshot shows the 'Customers' list page within the Cleckhuddersfax Admin interface. The left sidebar includes links for Admin, Reports, Dashboard, Sales, Manage, Traders, and Customers. The main content area has a header 'Customers' with a 'New' button and a search bar. It displays a table with columns: Photo, Email, Name, Status, Date Added, and Tools. The table contains two rows, each with a small placeholder image for 'Photo'. The 'Tools' column for each row contains three buttons: 'CART', 'EDIT', and 'DELETE'. Navigation buttons at the bottom include 'Previous', a page number '1', and 'Next'.

Manage Traders

The screenshot shows the 'Traders' list page within the Cleckhuddersfax Admin interface. The left sidebar includes links for Admin, Reports, Dashboard, Sales, Manage, Traders, and Customers. The main content area has a header 'Traders' with a 'New' button and a search bar. It displays a table with columns: Photo, Email, Name, Status, Date Added, and Tools. The table contains two rows, each with a small placeholder image for 'Photo'. The 'Tools' column for each row contains three buttons: 'CART', 'EDIT', and 'DELETE'. Navigation buttons at the bottom include 'Previous', a page number '1', and 'Next'.

Admin Sales History

The screenshot shows the 'Sales History' section of the admin interface. On the left is a dark sidebar with 'Cleckhuddersfax Admin' at the top, followed by 'REPORTS', 'Dashboard', 'Sales' (which is selected), 'MANAGE', 'Traders', and 'Customers'. The main area has a header 'Sales History' with a 'PRINT' button. Below is a table with columns: Date, Buyer Name, Transaction#, Amount, and Full Details. The table has two rows, each with a 'VIEW' button. At the bottom are buttons for 'Previous', '1', and 'Next'.

Trader Dashboard

The screenshot shows the 'Dashboard' section of the trader interface. The sidebar on the left is identical to the admin one, with 'Cleckhuddersfax Trader' at the top. The main area has a header 'Dashboard' with a 'SALES' icon. Below is a chart titled 'Monthly Sales Report' with a dropdown 'Select Year: 2020'. The chart shows a single data point for January at value 1. The x-axis lists months from Jan to Dec.
